New and Rare Narcissi

QUARANTINE 37, a number of years ago, amongst other things forbade the further importation of Narcissi from England and Holland. This restriction came at a time when the love for and appreciation of the exquisite and refined beauty of the newer varieties of Narcissi was just beginning to be realized by garden lovers as well as professional men. Immediately following these restrictions we imported many of the new sorts from Europe and have now growing on our Pacific Coast nursery a lovely collection of these new Daffodils. Being quite expensive and rare, no supply of these sorts is carried in stock in Mentor late in the Autumn.

WE WILL ACCEPT ORDERS in limited quantities for any of the varieties offered not later than September 1st. We will reserve these bulbs for you until you are ready to plant them. Inasmuch as the stocks of many of these sorts are limited, we suggest making reservations as early as convenient.

THE POPULAR VARIETIES of Narcissi offered in our regular bulb catalogue are carried in stock in quantity until the end of the planting season.

THIS LIST IS SUBMITTED to you with the intention of acquainting you with these new and lovely Daffodils.

Incomparabilis Narcissus, Jocunda.
